

## ***Have you ever thought about taking part in Motorsport?***

You can get started in competition in your everyday family car for just £20 and a gallon of petrol. There are so many different forms of Motorsport, and at Basingstoke Motor Club, we promote 'non damaging' low cost Autotests and Navigational based Road Rallies, which you can do in your everyday car. Very much the 'Grass Roots' of competitive modern motorsport, but it is the ideal low cost starting point for you to try it out for yourself.

You don't need to own a car to get involved either. By Navigating/co-driving, or helping out by marshalling, you will get really close to the sport.

Go to our website (address below) and find out all you need to know to get involved.

*Navigator's office*

*Marshals in action*
